## MEDICO-LEGAL PROFILE

- Involved in medicolegal practice since 1995.
- Expert witness in over 500 cases, predominantly **personal injury** and **clinical negligence** in children.
- Instructions from both **claimants and defendants**.
- My special interests are assessing **childhood trauma, safe prescribing in ADHD** and **neurodevelopmental conditions**, and leadership and preventing burnout in healthcare.
- For the last 15 years I have supervised complex ADHD cases across several clinics in East Kent CAMHS NLDS, leading on a safe prescribing audit between 2 NHS Trusts.
- Prior to 2014 I set up and supervised 2 DBT services for self-harming and suicidal adolescents.
- Having worked in inpatient and outpatient CAMHS, I draw on a broad range of clinical experience as a consultant child and adolescent psychiatrist including attention deficit hyperactivity disorder (ADHD), autistic spectrum conditions (ASC), anxiety disorders, obsessive compulsive disorders, post-traumatic stress disorders, adjustment disorders, depression, mood swings, bipolar disorders, disruptive behaviour disorders including conduct and oppositional defiant disorders, psychotic disorders including schizophrenia, personality disorders, suicidal and self-harming presentations, medically unexplained symptoms and chronic fatigue syndrome.
- Experience of giving evidence in court and attending conferences.
- Consulting rooms in London and Canterbury. Willing to travel and carry out home visits.
- Remote assessments offered via Zoom and Microsoft Teams.
